[54] DOUBLE NUMBER SERVICE

[57] Abstract: Embodiments disclosed herein describe a double number service configured to allow a mobile or landline subscriber to receive an additional telephone number that is configured to make and receive communications such as telephone calls and text messages. Telecommunications systems and methods disclosed herein are configured to utilize a virtual phone number or double numbers, which a user may subscribe to, to publish and/or communicate to other users. The user may also subscribe to multiple virtual numbers, and use the virtual numbers on a single device. Accordingly, an end user may receive communications to an assigned number from a telecommunications service provider and the virtual or double number on the same telecommunications device.

(21) Claims and (7) Figures

Note: Any interested individual may, within 3 months of publication of the grant, file objection thereof with the Grievance Committee after payment of grievance fees.
